**Subject:** Try this

To meet our legal obligations under Superfund, we must modify our timeline for delivering our Proposed Plan for Portland Harbor. We expect it will take us another three weeks to meet those requirements. As we draw nearer to release, we will alert everyone to our new ~~plan delivery date~~ **issue date for the plan**.

Prior to issuing the Proposed Plan, EPA must prepare an extensive "Administrative Record" and make it electronically available. This Record is required in order to give the public access to all of the background information they need when reviewing and commenting on the Proposed Plan. This will be the largest Superfund Administrative Record **being** made available ~~on line~~ **online** and doing so is presenting software challenges.

We recognize that this schedule change poses a challenge for everyone who is patiently waiting to review and provide comments on our proposal. Please be assured that we are working tirelessly to meet all requirements and present our best work and the strongest plan to the greater Portland ~~Community~~ **-community**. We remain committed to delivering a signed ~~Record of Decision~~ **(or Record of Decision** (final cleanup plan) in 2016.
